Eastbury Residents Association

Petition – Summer 2009

***HillingdonFirst* Card**

PETITION

To

The London Borough of Hillingdon

The London Borough of Hillingdon is introducing a residents' card this summer which "will offer access to services and privileges that are not available to non-residents." Members of Eastbury Residents' Association are dismayed that the card will be funded through charging non-residents extra for using council facilities such as car parking charges, which are to be doubled in Northwood for Three Rivers District Council residents.

We, the undersigned, for whom Northwood is our closest centre for shopping and other essential amenities such as doctors, banks and the Library, wish to protest against the discriminatory nature of the increased parking charges and call on the Borough of Hillingdon to abandon plans to introduce differential car parking charges for non-Hillingdon residents.
